

CHRIS BELGA

SOFTWARE DEVELOPER

Daraga, Albay, Philippines, 4501 | inquiry@chrisbelga.dev | www.chrisbelga.dev |
<https://www.upwork.com/freelancers/~01316681e6a97b8c12>

Passionate Software Developer with expertise in front-end and back-end technologies. Skilled in building scalable, user-friendly web apps, optimizing performance, and implementing responsive designs. Strong problem-solver and team collaborator, committed to continuous learning and innovation.

AREA OF EXPERTISE

Web development (MERN Stack)	Integrations & Automations (Zapier, Make)	API Development &
Cloud Platforms (Azure, AWS)	HubSpot Development & CRM Customization	Integration

KEY ACHIEVEMENTS

- **HubSpot Integrations & Automation** - Built custom HubSpot solutions and Zapier workflows, streamlining operations and reducing manual work.
- **Independently Led Internal Projects** - Developed a ChatGPT clone, integrating GPT-4 API to boost team productivity.
- **E.M.A.S Development** - Created an app to replicate objects, properties, and associations from a HubSpot sandbox to a production portal, reducing a 5-hour manual process to just 20 seconds.

PROFESSIONAL EXPERIENCE

LongView - HubSpot Technician	Feb 2025 - Present
--------------------------------------	---------------------------

- Build and manage HubSpot integrations and automation, streamlining workflows and reducing manual effort.
- Develop custom solutions using Zapier and HubSpot APIs, improving operational efficiency.
- Troubleshoot and resolve HubSpot-related technical issues, ensuring seamless CRM functionality.

Upwork - Freelance Developer	July 2024 - Jan 2025
-------------------------------------	-----------------------------

- Developed and maintained a Web3 Online Casino platform using React, AWS and web3 technologies
- Implemented secure wallet integration, real-time gaming features, and responsive UI/UX design

Netfluence Corporation - Software Engineer	Oct 2020 - Jun 2024
---	----------------------------

- Led the development of internal tools that streamlined business processes and improved efficiency.
- Developed serverless functions and APIs within HubSpot to enhance system performance and scalability.
- Built and deployed HubSpot Pages and Apps using ReactJS, ensuring responsive and user-friendly interfaces.

EDUCATION

Zuitt Coding Bootcamp	Jun 2020 - Sep 2020
------------------------------	----------------------------

Online Class

- Intensive full-stack web development training focused on MongoDB, Express.js, React.js, and Node.js (MERN Stack).

Bachelor of Science in Mechanical Engineering	June 2010 - May 2015
--	-----------------------------

Bicol University College of Engineering

- Strong foundation in analytical thinking, problem-solving, and project execution—skills that translate effectively to software architecture and systems design.
